

Compassionate Care For Children: GAPP's Comprehensive Support Program

The Georgia Pediatric Program (GAPP) provides comprehensive Medicaid-supported nursing and personal care services for medically fragile children under 21. Services are delivered at no cost to eligible families, with approval based on individual medical needs. Families with Medicaid can apply for GAPP services through standard or Katie Beckett Waiver pathways, ensuring critical support for children with complex medical conditions.

Immediate Care Access: No Wait List

GAPP provides immediate care services without waiting periods, enabling eligible children to receive critical support immediately after service approval.

Who We Are

IvyNest Health is a state-licensed GAPP provider offering skilled nursing, personal care, and companion services for children with complex medical needs, delivering exceptional, compassionate care to support both children and their families.

Our streamlined process ensures swift access to essential healthcare support.
